PAPER No. 282

**HYDROLOGIC DATA—ITS IMPORTANCE  
AND COLLECTION**

BY

N. D. GULHATI, I.S.E., M.I.E. (Ind.)

---

Vol. 35  
Cov

## CONTENTS

	PAGE
CHAPTER I—The Hydrologic Cycle ... ..	1
1. Conservation of matter ... ..	1
2. Conservation of water ... ..	1
3. The Hydrologic Cycle ... ..	1
4. The Science of Hydrology ... ..	1
5. The Sustaining Forces ... ..	2
CHAPTER II—Hydrology and Exploitation of Water-Resources ... ..	3
1. A problem of National importance ... ..	3
2. An inventory must precede utilisation ... ..	3
3. Difficulties due to lack of hydrologic data ... ..	4
4. The cost of collection of hydrologic data ... ..	5
5. Hydrologic Data classified ... ..	6
CHAPTER III—Hydrologic Activities Abroad ... ..	7
1. Introduction ... ..	7
2. Europe ... ..	7
3. United States of America ... ..	8
4. Canada ... ..	9
5. Australia ... ..	9
6. South Africa ... ..	10
7. Egypt ... ..	10
8. Iraq ... ..	10
CHAPTER IV—Current Hydrologic Activities in India ... ..	11
1. General ... ..	11
2. Precipitation ... ..	11
3. Snow Surveying ... ..	13
4. Allied Meteorological Data ... ..	13
5. River Supplies ... ..	13
6. Ground Water Supplies ... ..	14
7. Other Hydrologic Data ... ..	14

CHAPTER V—Proposals	...	...	...	15
1. Historical	...	...	...	15
2. Precipitation	...	...	...	15
3. Snow Surveying	...	...	...	16
4. Allied Meteorological Data	...	...	...	17
5. River Supplies	...	...	...	17
6. Ground Water Supplies	...	...	...	17
7. Quality of National Waters	...	...	...	18
8. Evaporation	...	...	...	18
9. Infiltration and Sub-soil Flow	...	...	...	19
10. Research and Standardisation	...	...	...	19
11. Inspection Agencies	...	...	...	19
12. Need for co-operative effort	...	...	...	20
Bibliography	...	...	...	21
